

RICHARD T. STANK MIDDLE SCHOOL

AIS COMMENTS - ADDENDUM

AIS - ELA:

- 255 Shows general understanding of written and oral text.
- 256 Shows partial understanding of written and oral text.
- 257 Shows minimal understanding of written and oral text.
- 258 Follows some rules for correct spelling, grammar, and punctuation
- 259 Errors in spelling, grammar, and punctuation interfere with readability and comprehension.

AIS - MATH:

- 270 Showing acceptable progress toward mastery of arithmetic computation.
- 271 Lacks the skills to transfer verbal problems into charts, tables and graphs.
- 272 Shows acceptable progress toward constructing charts, tables & graphs from verbal problems
- 273 Having difficulty mastering algebra skills.
- 274 Making acceptable progress towards the mastery of algebra skills.
- 275 Mastering mathematical terminology.
- 276 Needs to determine the reasonableness of their answers.
- 277 Successfully completed the goals and objectives required of Academic Intervention.
- 278 Difficulty comprehending geometry relationships.
- 279 Not receptive to AIS.

AIS - SCIENCE:

- 285 Shows progress in the development of key science lab skills.
- 286 Has improved the ability to analyze graphs, charts, and tables
- 287 Needs to improve skills to transfer written data into graphs and charts.
- 288 Shows improvement in constructing graphs and charts from written data.
- 289 Has improved the ability to understand science concepts.
- 290 Has difficulty understanding science concepts.
- 291 Demonstrates an understanding of basic scientific concepts.
- 292 Expressing understanding of terms and concepts in AIS of science.
- 293 Meeting goals for AIS in science.
- 294 Attitude in AIS in science is good.
- 295 Showing interest in AIS services.

OVER

- 296 Exhibiting little interest in AIS services.
- 297 Demonstrates little motivation to improve science skills.
- 298 Needs to improve ability to analyze and interpret questions on tests.
- 299 Shows improvement in analyzing and interpreting written material.
- 300 Difficulty comprehending interrelationships of scientific concepts.
- 301 Shows improvement in recognizing scientific interrelationships.
- 302 Needs to improve ability to construct answers to critical thinking questions.
- 303 Successfully completed the goals and objectives required of AIS.
- 304 Not receptive to AIS.

AIS - SOCIAL STUDIES:

- 315 Student has improved comprehension of social studies written material.
- 316 Student has to work harder to improve comprehension of social studies written material.
- 317 Student has improved social studies written work.
- 318 Student has to work harder to improve social studies written work.
- 319 Student has improved acquisition and application of social studies facts and concepts.
- 320 Student needs to work harder to improve acquisition and application of social studies facts and concepts.
- 321 Student has improved social studies test taking skills.
- 322 Student needs to work harder to improve social studies test taking skills.
