POLICY

2011 7132

Students

SUBJECT: NON-RESIDENT STUDENTS

It shall be the policy of the Susquehanna Valley Central School District not to accept the responsibility and cost of educating a child who is not a resident of the District.

However, nonresidents of the District, if otherwise competent, may be admitted into the schools of the District providing space is available. The annually established tuition is paid upon terms prescribed by the Board of Education.

Nonresident school age children of District employees may attend Susquehanna Valley Schools without paying tuition, but they must arrange for non-District transportation. Written request for admission of children of District employees must be provided to the Superintendent by August 1 before the start of the school year in September. The request shall specifically include the transportation arrangements planned for the student.

This policy shall not prevent any child from being admitted to the schools in the District pursuant to Education Law Section 3202(5).

Students who have successfully completed their Junior year and whose parents move from the District may complete their Senior year in the District without payment of tuition by meeting the following criteria:

a) Must have been a student in the District for at least three (3) years immediately prior to the time of completion of their Junior year;

b) Must have met all of the requirements for promotion to the Senior class; and

c) Must be in a position to complete required course work so as to graduate in June of their Senior year.

Adopted: 6/15/11
