

## **Robert Strick**

My name is Robert Strick and I am seeking your support in the upcoming Board of Education election. I have lived in our district for over 30 years and am very proud to have had my children and grandchildren attend Susquehanna Valley School District.

I previously served on the Board for 10 years, seven of which in the capacity of President. During my tenure, the Board worked in a bipartisan manner in alignment with the administration to accomplish our many goals while maintaining fiscal responsibility.

With the many challenges that we faced, I always encouraged the decisions that were in the best interest of the students. In my lengthy career in restaurant management, I was actively involved in financial forecasting, budgeting, as well as personnel management and development.

Since my retirement, I have served on the Town of Binghamton Zoning Board of Appeals and have volunteered as a driver for Meals on Wheels. My direct experience on the Board of Education, previous work, and connection to the community uniquely qualifies me to be a valuable contributor to the Board of Education in their future endeavors.
