Winter Concert

The Winter Concert recordings were fantastic. Keep your eyes on the district's webpage, as the link to the performance will be posted soon!

Oakdale Mall Performance

On Thursday, March 10, 2022, the High School Musicians will perform their annual Music in Our Schools concert at the Oakdale Mall. There will not be a concert at the HS in March. All students and parents/guardians must sign the permission form to allow your students to participate. The form is available on Google Classroom, [by clicking here](#), or from your student, who received a copy in class. Forms must be returned by 2/15/22.

Concert Clothing Assistance

Has your student outgrown their black dress shoes, black dress pants, or black dress shirt? **Consider donating clean items to the HS Music Department**, so that we may create a "Concert Closet." Whether students forget items on the day of a performance, or need a little hand with getting set for the performance, your help can make a huge difference!

Performance Trip

On June 4, 2022, the HS Music Department will travel to **Hershey Park** for a series of competitive performances, then will spend the day in the park. In the evening, students will attend an awards ceremony, celebrating all of the performances by students from across the northeast. Information about the trip is available [at this link](#), or students can pick up a printed packet in the HS Music Suite.

Get trip updates and information (students and parents/guardians) by joining our **REMIN**D for the Hershey Park Trip.
