

PowerSchool is Susquehanna Valley's easy-to-use web-based student information system. Through PowerSchool Parent Portal you can access your high school or middle school child's grades, grade history, and attendance. You can also communicate with your child's teacher by setting your email notifications to receive automatic progress reports, based on events of your choice.

You can access PowerSchool from any computer that has Internet access after you have set up a user account and linked your students to that account.

Navigating the portal:

The screenshot shows the PowerSchool Parent Portal interface. At the top left is the "PowerSchool" logo, with a red arrow pointing to it from the label "Home". To the right of the logo is the text "Welcome, hstest hstest" and links for "Help" and "Sign Out", with a red arrow pointing to this area from the label "Account, Help and Sign Out". Below the logo is a dark blue navigation bar containing two student names, "Sue" and "Joe", with a red arrow pointing to them from the label "Student Links". On the right side of this bar are icons for notifications, data download, and printing, with a red arrow pointing to them from the label "Notifications, Data Download and Print". On the left side is a "Navigation" menu with the following items: "Grades and Attendance", "Grade History", "Attendance History", "Email Notification", "Teacher Comments", "School Bulletin", "Class Registration", "My Calendars", and "Account Preferences". A red arrow points from the label "Available Pages" to this menu.

When you first log into PowerSchool, the program opens to the [Grades & Attendance](#) page. This page displays:

An overview of your child's attendance for this week and last week.

Your child's course schedule, by period. The schedule includes the course name and instructor.

Each teacher's name is linked to their email address.

The current grade that your child is receiving for this quarter.

The historical grades that your child received for past quarters of this school year.

The total number of Absences and Tardies for each course.

Submit

The information that has a checked box will be sent to you by email, as long as you include a current email address. If you do not wish to receive a particular piece of information, uncheck the box by clicking it again.

For the items that has been checked, you can select how often you would like to receive this information. Use the drop-down arrow next to How often? to select:

- Never
- Once a week
- Once every two weeks
- Once a month
- Daily (Daily emails may not contain that much or any new information as teachers may not be updating grades every day. We would recommend NOT choosing Daily)

As you register for your email notifications, you can check the Send Now box and current reports will be sent after you click submit. This allows you to try the system out and make sure it's working correctly.

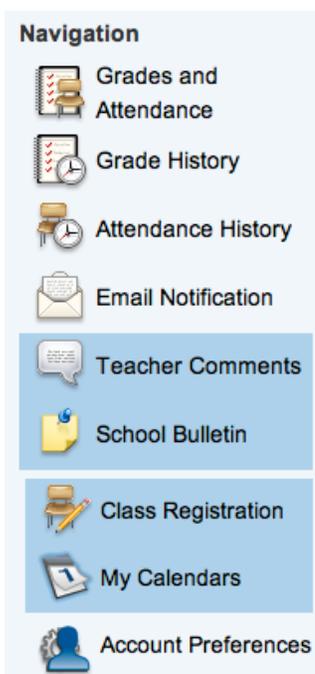

Please remember: In order to have any information sent to you, you must include at least one email address. If you wish the information sent to more than one email address, include each address, separated by commas.

PLEASE DO NOT REPLY TO THE AUTOMATED EMAILS. If you have questions about the content of the emails, grading, or missing assignments, please discuss this with your child first and then contact the teacher if your have further questions.

After you select your Email Notification preferences, be sure to click the submit button.

You may change your email preferences at any time.

SPAM BLOCKER OR JUNK EMAIL FILTER? If your email client or system has a spam blocker setup, it is important to know that the email notifications will come from the domain: @svsabers.org Please add this email domain to your email client as an accepted or allowed domain so those emails can get through.

Please Note: The Teacher Comments, School Bulletin, Class Registration and the My Calendars Pages are currently not being used by the school at this time, they may be in the future.

The [Account Preferences](#) page is where you manage your profile and students.

In the Profile tab you can edit user name, email address, language and log in credentials.
